

Ashish Pal

Computer Science Student

ashish1814pal@gmail.com • +91 81092 00908

SUMMARY

Second-year BCA student passionate about Front-End Development and Artificial Intelligence, with hands-on knowledge of HTML, CSS, JavaScript, C, and C++. Currently deepening my React.js skills by building real-world projects. Seeking a Front-End Developer internship where I can contribute, learn from experienced engineers, and grow into a well-rounded developer.

SKILLS

Front-End

HTML CSS JavaScript

Tools & Testing

Git GitHub NPM Postman API Testing

Languages & Core

C C++ Research Skills Project Management

PROJECTS

Personal Portfolio Website

LIVE portfolioofaashish.netlify.app | **CODE** github.com/AshishPal80/My_profile_web

- Designed and built a responsive personal portfolio to showcase projects, skills, and contact details.
- Implemented a mobile-friendly layout using HTML, CSS, and JavaScript.

Netflix Clone

LIVE primescreen.netlify.app | **CODE** github.com/AshishPal80/Netflix_Clone

- Recreated the Netflix landing and browsing UI with a pixel-focused, responsive design.
- Practiced component-style structuring, layout, and interactive UI behavior in JavaScript.

Pehnav — E-Commerce Website

LIVE pehnava-ecommerce.netlify.app | **CODE** github.com/AshishPal80/pehnava-ecommerce-website

- Built a fashion e-commerce front end with product listings, a shopping cart, and a checkout flow.
- Focused on clean, reusable UI components and a responsive shopping experience.

EDUCATION

Bachelor of Computer Applications (BCA) — Web Development

Jan 2025 – May 2028

Gyanoday Institute of Management & Technology, Kanawati, Neemuch

Higher Secondary (Class XII) — Science (PCM)

Jun 2024 – Jan 2025

Saraswati Shishu Mandir, Madhya Pradesh

INTERESTS

Front-End Development | JavaScript | React.js | Artificial Intelligence | Problem Solving | Continuous Learning
